Fund-retained Loss Corridors applicable under Specific Excess coverages are included in the losses subject to aggregate excess protection.

3) The amount of unpaid claims to be established.

- a) The general reserving philosophy is to set reserves based upon the probable total cost of the claim at the time of conclusion. Historically, on claims aged eighteen (18) months, the Fund expects the claims servicing company to set reserves at 85% accuracy. The Fund also establishes reserves recommended by the Fund's actuary for claims that have been incurred but not yet reported so that the Fund has adequate reserves to pay all claims and allocated loss adjusted expense liability.
- b) Claims reserves are subject to regular review by the Fund's Executive Director/Administrator, Actuary, Attorney, Executive Committee and claims servicing company. Reserves on large or unusual claims are also subject to review by the claims departments of the commercial insurance companies or reinsurance companies providing primary or excess coverages to the Fund.

4) The method of assessing contributions to be paid by each member of the Fund.

- a) By November 15th of each year, the actuary computes the probable net cost for the upcoming Fund year by line of coverage and for each prior Fund year. The actuary includes all budget items in these computations. The annual assessment of each participating municipality is its pro rata share of the probable net cost of the upcoming Fund year for each line of coverage as computed by the actuary.
- b) The calculation of pro rata shares is based on each municipality's experience modified manual premium for that line of coverage. The total amount of each member's annual assessment is certified by majority vote of the Fund's Executive Committee or Board of Commissioners at least one (1) month prior to the beginning of the next fiscal year (usually at the PEJIF's budget hearing).
- c) The treasurer deposits each member's assessment into the appropriate accounts, including the administrative account, and the claim or loss retention trust fund account by Fund year for each type of coverage in which the member participates.
- d) If a local unit becomes a member of the Fund or elects to participate in a line of coverage after the start of the Fund year, such participant's assessments and supplement assessments are reduced in proportion to that part of the year which had elapsed.
- e) The Fund's Executive Committee may by majority vote levy upon the participating municipalities additional assessments wherever needed or so ordered by the Commissioner of Insurance to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations. All supplemental assessments are charged to the participating municipalities by applicable Fund year, and shall be apportioned by the year's assessments for that line of coverage.
- f) Should any member fail or refuse to pay its assessments or supplemental assessments, or should the Fund fail to assess funds required to meet its obligations, the chairman or in the event by his or her failure to do so, the custodian of the Fund's assets, shall notify the Commissioner of Insurance and the Director of Community Affairs. Past due assessments shall bear interest at the rate established annually by the Fund's Executive Committee.

5) Procedures governing loss adjustment and legal expenses.

- a) The Fund maintains a panel of claims service companies to handle claims. This panel is selected by the members. The performance of the claims adjusters is monitored and periodically audited by the Executive Director's office, the PEJIF's attorney's office, as well as the claims department of the PEJIF's three major insurers/reinsurers. Every three years, the PEJIF's internal auditors also conduct an audit.

- i) Any member shall obtain written approval from the Fund Administrator prior to issuing any Requests for Qualifications or Requests for Proposals for claims adjusting services.
 - ii) For Employment Practices Liability, Public Officials Liability, and Law Enforcement Liability claims, the Fund has engaged NIP Management Services, LLC (NIP) as its claims service company. No member selection of alternate claims service company for these coverages is permitted.
 - iii) All claims service companies are subject to approval by the Fund Administrator and must adhere to all guidelines as promulgated by the Fund Administrator's office and the applicable insurance carrier(s).
- b) Each member local unit is provided with a claims reporting procedure and appropriate forms.
- c) To provide for quality defense and control costs, the Fund has established an approved defense attorney panel with firms that specialize in Title 59 matters. Any member that carries a self-insured retention may appoint an approved defense attorney of its choice to the panel for purposes of defense of claims within that self-insured retention. The performance of the defense attorneys is overseen by the Fund Litigation Managers, as well as the various firms that audit the claims adjusters.

Fund-retained Loss Corridors applicable under Specific Excess coverages are included in the losses subject to aggregate excess protection.

In the event that the excess insurer determines that no coverage exists for all or part of a claim made against or by a Member of the PEJIF, the Member shall be responsible for all or a portion of any uncovered claims expense, indemnity settlement or other costs associated with such claim. Please also note that the coverage descriptions herein, in all particulars, are superseded by the applicable policy wordings including all limits, terms, conditions, exclusions and endorsements. This document is not intended to be all-inclusive, and does not

alter, amend or change the Fund's coverage. Please refer to specific policies for limits, terms, conditions and exclusions.

7) Procedures for the closure of Fund years, including the maintenance of all relevant accounting records.

- a) The Fund adopts a resolution closing the year and transfers all remaining assets to the closed Fund year account. This amount is allocated by member local units using the same procedure as is used to calculate a dividend. Each month, interest is credited to the closed Fund year account by member.
- b) Each year, the Fund's Executive Committee will determine if a dividend is appropriate from the closed Fund year account, and will make application to the Department of Insurance as appropriate. Further, in the event an open Fund year incurs a deficit, the Fund's Executive Committee will consider an inter-year transfer from the closed Fund year account to offset the deficit. In either case, the dividend or inter-Fund year transfer will be calculated on a member by member basis.
- c) A member may apply to the Fund's Executive Committee for a return of that member's remaining share of the closed Fund year account when five (5) years have passed since the last Fund year in which the member participated has been closed. The Fund's Executive Committee will decide on the former member's request after evaluating the likelihood of any additional assessments.
- d) The Fund will retain all records in accordance with the Fund's record retention program.

8) Assumptions and Methodology used for the calculation of appropriate reserve requirements to be established and administered in accordance with sound actuarial principles.

- a) The general approach in estimating the loss reserves of the Fund is to project ultimate losses for each Fund year using paid and incurred loss data. At least two traditional actuarial methodologies are used: the paid loss development method and the incurred loss development method. From the two different indications resulting from these methods the Fund Actuary chooses a "selected" estimate of ultimate losses. Subtraction of the paid losses from the select ultimate losses yields the loss reserve liability or funding requirement.
- b) The following is an overview of the two actuarial methods used to project the ultimate losses.

Paid Loss Development Method - This method uses historical accident year paid loss patterns to project ultimate losses for each accident year. Because this method does not use case reserve data, estimates from it are not affected by changes in case reserving practices. However, the results of this method are sensitive to changes in

the rate of which claims are settled and losses are paid, and may underestimate ultimate losses if provisions are not included for very large open claims.

Case Incurred Loss Development Method - This method is similar to the paid loss development method except it uses historical case incurred loss patterns (paid plus case outstanding reserves) to estimate ultimate losses. Because the data used includes case reserve estimates, the results from this method may be affected by changes in case reserve adequacy.

9) The maximum amount a certifying and approving officer may approve pursuant to N.J.A.C. 11:15-2.22.

- a) \$10,000, but up to \$25,000 with verbal or written approval from the affected municipality commissioner or alternate commissioner.
- b) \$25,000 Emergency Court House Authority upon the joint authorization of the Fund Attorney and Executive Director, but up to \$50,000 with verbal or written approval of a majority of the executive Committee.

12) Self-Insured Retention Endorsement

THIS DOCUMENT IS INCORPORATED IN THE PEJIF PLAN OF RISK MANAGEMENT. PLEASE READ IT CAREFULLY.

MEMBER: _____

SELF-INSURED RETENTION ENDORSEMENT

This endorsement modifies insurance provided under the following:

**COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
AUTOMOBILE LIABILITY COVERAGE PART
PROFESSIONAL LIABILITY COVERAGE PART
LAW ENFORCEMENT LIABILITY COVERAGE PART**

It is understood and agreed that such insurance as provided by this policy, specifically the Insuring Agreement and Supplementary Payments Provisions are modified and subject to the following provisions:

1. The total limit of liability of the Public Entity Joint Insurance Fund ("PEJIF") as stated in the Plan of Risk Management shall apply excess of the retained limit (herein called the Self-Insured Retention) as stated in the endorsement, and the Insured Member agrees to assume this retained limit:

Self Insured Retention: \$ _____ per Occurrence
\$ _____ per claim

2. The PEJIF's obligation under this policy applies only to the amount excess of the Self-Insured Retention. Your bankruptcy, insolvency, or inability to pay the Self- Insured Retention shall not increase our obligation under the policy.

The Insured Member shall have the obligation to provide, at its own expense, proper defense and investigation of any claim and to accept any reasonable offer of settlement within the Self-Insured Retention. The Insured Member's obligation to provide for its own defense is terminated upon the exhaustion of the Self-Insured Retention referenced above. In the event that there is any other insurance, whether or not collectible, applicable to an occurrence, claim or suit within the Self-Insured Retention, the Insured Member must make actual payment for the full Self-Insured Retention amount before the limits of insurance under this policy apply.

Compliance with this clause is a condition precedent for coverage under this policy. In the event of the failure of the Insured Member to comply with this clause, no loss, cost or expense shall be payable by the PEJIF.

3. In the event of a claim or claims arising which appear likely to exceed the Self-Insured Retention, no costs, other than adjusting expenses, shall be incurred by the Insured Member without the written consent of the PEJIF. Furthermore, the Insured Member's claims third party administrator shall invoice the PEJIF Administrator within 30 days of the date of payment of any claims cost incurred and paid above the Insured Member's Self-Insured Retention.
4. The PEJIF shall have the right, but not the duty, in all cases to assume charge of the investigation, defense and/or settlement of any claim and upon written request from the PEJIF the Insured Member shall pay directly any expense or loss incurred by the PEJIF in the investigation, defense and/or settlement of any claim or reimburse the PEJIF for any and all amounts paid by the PEJIF within the Self-Insured Retention.
5. Commercial General Liability - Insured Member's Duties in the Event of Occurrence, Claim or Suit:
 - a) The Insured Member shall report promptly to the PEJIF each claim or loss for which the estimated amount of net loss is 50% or more of the Self-Insured Retention listed above.
 - b) The Insured Member shall report all cases of serious injury which, notwithstanding consideration of liability or coverage might involve this insurance but not limited to the following:
 - 1) Spinal Cord injury - paraplegia, quadriplegia;
 - 2) Amputations - requiring prosthesis;
 - 3) Brain damage affecting mentality or central nervous system such as permanent disorientation, behavior disorder, personality change, seizures, motor deficit, inability to speak (aphasia), hemiplegia or unconsciousness (comatose);
 - 4) Blindness;
 - 5) Burns - involving over 10% of body with third degree, or 30% of body with second degree;
 - 6) Multiple fractures - involving more than one member or non-union;
 - 7) Fracture of both heel bones (fractured bilateral or calcis);

- 8) Nerve Damage causing paralysis and loss of sensation in arm and hand (brachial plexus nerve damage);
- 9) Massive internal injuries affecting body organs;
- 10) Injury to nerves at base of spinal canal (Cauda Equina) or any other back injury resulting from incontinence of bowel and/or bladder;
- 11) Fatalities;
- 12) Any other serious injury which, in the judgment of the Insured Member, might involve the PEJIF;
- 13) Sexual Assault / Molestation
- 14) All construction defect claims.

It is agreed that the above reporting requirements shall be a condition precedent to coverage. Notwithstanding the above provisions the responsibility to guarantee proper reporting remains that of the Insured Member. The failure of the Insured Member to comply with the reporting requirements may result in a denial of coverage under the policy.

- c) The Insured Member shall cooperate with the PEJIF and, upon the PEJIF's request, assist in making settlements, in the conduct of suits and in enforcing any right of contribution or indemnity against any person or organization who may be liable to the Insured Member because of liability with respect to which insurance is afforded under the policy; and the Insured Member shall attend hearings and trials and assist in securing and giving evidence and obtaining witnesses.

6. The Insured Member shall at all times:

- a) Give to the PEJIF, or their duly appointed representatives, such information, assistance, and signed statements as the PEJIF may require, and
- b) Assist in the defense of any claim without charge to the PEJIF.

7. The Insured Member shall indemnify and hold harmless the PEJIF from any and all loss and all costs, including but not limited to adjusting expense and attorneys fees incurred in the investigation, defense and/or settlement of any claim incurred by the PEJIF included within the Self-Insured Retention.

The Insured Member shall further indemnify and hold the PEJIF harmless from any and all costs incurred by the PEJIF, including but not limited to the reasonable value of PEJIF employee services and attorney's fees incurred in the enforcement of this agreement.

13) Establishing loss reporting guidelines.

INITIAL CASUALTY CLAIMS REPORTING:

Reports should include copies of the following documents when available: incident and accident reports (both internal and official), suit papers, tort claim/statutory notice of claims, and/or EEOC (or similar state agency) complaints or notices.

Please do not send medical records or bills (unless specifically requested), blank discovery, or non-substantive pleadings.

SUBSEQUENT CASUALTY/WORKERS COMPENSATION CLAIM REPORTING:

Subsequent formal reporting should be done via a captioned report completed by the handling adjuster, at appropriate intervals as conditions warrant (typically every 60 days). However, the TPA shall be responsible for reporting more frequently if the file is particularly active; and critical events should be reported as soon as practical, regardless of the "due date" of the next formal report.

Periodic formal reporting shall follow the same format (below) as the initial report, noting any updates. Reports should include copies of the following documents when available: incident and accident reports (both internal and official), suits, tort claim/statutory notice of claims, complaint notices, defense counsel's substantive reports.

Ideally, this should be received no later than thirty five days before the scheduled mediation, arbitration, or trial date; even if there is the potential that the mediation, arbitration, or trial will not proceed on the date scheduled. It is Underwriters' expectation that both counsel and the adjuster should not be called to mediation, arbitration or trial without sufficient notice.

- M. Total Experience - Indicate Loss and Expense payments, remaining reserve, and Total Experience for each claimant.

INITIAL PROPERTY CLAIM REPORTING:

Loss reporting is required for claims involving:

- 1. Claims involving a coverage question.
- 2. (a) any claim whose value reaches 75% of the retention; and/or
(b) the cost of which is likely to result in payment by the Company under this Policy.

An Initial Advice/Loss Notice providing basic scope of loss and reserve information should be submitted within 10 working days whenever possible.

The Initial Advice/Loss Notice should include the following: Insured, risk location, policy number, deductible & SIR, date of loss, date loss reported, a brief description of the scope of the loss, and an initial reserve recommendation if possible.

The adjuster's initial captioned report should follow within 30 days.

The adjuster's initial captioned report should include the following:

Date of loss

Description of Peril resulting in direct physical loss to the Insured Property

Any other perils involved

Any coverage issues identified
Location(s)/Property (ies) Involved (as named in Schedule of Values) and Scheduled Value
Scope of damage by Insured Location, including any Coverage Extensions applicable
What has been done and what requires to be done
Salvage/Subro potential
Reports (fire, weather, expert, etc.), photos, diagrams
Date of next report (estimate)

The adjuster's subsequent captioned reports should follow every 60-90 days.

The adjuster's subsequent captioned report should include the following (where applicable):

What has been done since the last formal report
Verified and agreed repair estimate(s)
Discussion of salvage/subrogation activity
What requires to be done
Date of next report (estimate)
Request for authorisation to obtain proofs (if applicable)

USE AND ASSIGNMENT OF EXPERTS

If a claim investigation requires the use of an expert (i.e. engineering, construction, cause and origin, etc.), authorisation must be approved prior to engaging the expert in order to assure that the cost will be considered part of **Ultimate Net Loss** (see General Policy Definitions). The adjuster will be expected to explain why an expert is needed and what is expected to be accomplished that cannot be accomplished by other means. Underwriters will make every reasonable effort to accommodate requests where the need can be supported.

In the event of a bona fide emergency need for an expert after hours or on weekends, and contact with PSI has not been able to be accomplished within 24 hours of the initial attempt, the adjuster should proceed with the assignment. However, please note that Underwriters' expectation is that the need for experts should not, typically, arise on an emergency basis.

REQUESTS FOR SETTLEMENT AUTHORITY

The adjuster should be aware that settlement authority requests should be made timely, and they should be made for all of the authority reasonably necessary for the situation at hand: settlement offer, mediation, arbitration, pre-trial conferences, etc. Emergency requests for authority in excess of a \$100,000 above the SIR or additional authority in that amount are difficult to accommodate from a logistical standpoint. This process can take as long as a week, or more; especially when there are coverage issues involved. Emergency requests for authority, or additional authority, are difficult to accommodate from a logistical standpoint.

IMPORTANT INFORMATION AND REPORTING REQUIREMENTS INVOLVING PER OCCURRENCE RETENTIONS AND MULTIPLE LINES LOSSES

The adjuster should be aware that the Assured's Self Insured Retention for any single line of coverage under the policy is written on an "each and every" basis. Further, the policy may have a "Clash Coverage" or "Multiple Lines Loss Protection" feature that may apply when a single occurrence or event results in claims under more than one line of coverage under the policy.

Thus, it is important to recognize that if the total incurred for the total number of claims within any one line of coverage meets the 75% of SIR reporting threshold, ALL claims within that line of coverage need to be reported.

Further, in the event that one occurrence results in claims under multiple lines of coverage under the policy, and any one claim meets the 75% of SIR reporting requirement, ALL claims insured under the Policy arising from the occurrence must be reported.

CATASTROPHE LOSS HANDLING

Immediately survey accounts that are located in the affected area to determine degree of damage or confirm damages will not exceed the S.I.R. Note - the account may have a specific S.I.R. for wind or flood and the S.I.R. applies on an occurrence basis.

A report is required confirming damages and suggested reserve within 10 working days. If emergency advances above the SIR are required, the request for funds should detail amounts already expended and intended incurred expenditures to support the advance request. An Adjuster's Initial Report should follow within 30 days.

All reports should refer to the correct CAT Number if known/available.

AGGREGATE COVERAGE

In addition to the loss reports on the specific losses you are required to provide quarterly loss reports for the Aggregate Loss Funds in an acceptable/approved format to:

PSI to the attention of Philip Vaughan-Fowler

Please note that if you are handling run-off losses previously handled by another TPA (also known as "run-in" claims), all data from the prior TPA needs to be included.

**IMPORTANT INFORMATION REGARDING MANDATORY REPORTING
UNDER SECTION 111 OF THE MEDICARE, MEDICAID AND SCHIP
EXTENSION ACT OF 2007 (MMSEA)**

Pursuant to the terms of the policy between Underwriters and the Named Assured, it is Underwriters interpretation of Section 111 of the MMSEA that the Assured is the Responsible Reporting Entity (RRE) for any claims made against the Assured that may be covered under the policy. Therefore, compliance with the Act in regard to RRE's rests with the Assured. If the TPA is designated by the Assured as the party responsible for making reports on behalf of the Assured under the act for claims that fall within the Self Insured Retention, it is Underwriters position that the TPA has that same duty for claims in excess of the Self Insured Retention.

If there are any questions regarding any of the above, or if for any reason you are not able to comply with theses reporting guidelines, please contact Cindy or Philip as soon as possible.

Auto Physical Damage and Property claims must be reported to Travelers when the value is at 50% or will exceed the PEJIF retention of 50,000. The claims should be called into Travelers at 1-800-238-6225 until further notice.

For workers compensation **Safety National** provides excess coverage statutory or unlimited excess 1,250,000. (Brit 500,000 x PEJIF 750,000) If the exposure exceeds or likely to exceed 50% of the retention the claim must be reported to Safety National. Immediate reporting should occur on fatalities, spinal cord injuries (Para/quads), second or third degree burns over 25% or more of the body, brain injuries, amputation of a major extremity, and multiple serious injuries to two or more employees. The reports can be sent to Safety by fax: 314.995.3897 or email via safety's web site. Safetynational.com

Please visit their web site for further instruction. A SN reporting form is noted above.

When reporting to the excess carrier, please copy the PEJIF Litigation Manager on liability claims and the VP of Claims on workers' compensation and property.

In regards to data, on a monthly basis submit the TPA must submit to the PEJIF SVP of Claims:

- Detailed loss runs for both members (copy data reported for PEJIF).
- A report that identifies claims that have been noted for subrogation potential.
